Following are points to be covered in interviews with Schidlovsky, von Eulenburg, and Brett. It should be noted that all three Subjects repatriated to Germany after a long period of service in Soviet labor camps under conditions unknown to us. The bonafides of any of these three individuals must therefore be considered as not yet established.

1. When did Subject first meet Heine in the camp?
2. What was Heine's position in the camp? (Comment: It was common practice in prison camps for informers to be given certain privileged positions such as hospital attendant, laundryroom and storeroom keeper, etc. It would therefore be of some importance to obtain a detailed account of Heine's job positions in the camps.)
3. When if ever was Heine hospitalized? Reasons for hospitalization if known.
4. What does Subject recall about Heine's transfers to other camps? Where and when did ~~Subject's~~ transfers occur? What was Heine's stated reason for the transfers? Heine's
5. What stories did Heine tell about his activities in the past such as arrests, underground and other anti-Soviet activities, etc.?
6. What does Subject recall about the program for release and repatriation of prisoners? What kind of prisoners were released, what was the procedure? What was the basis for considering an individual a foreigner and therefore eligible for repatriation? Was it necessary to give proof of foreign citizenship before consideration of repatriation? What type of individuals were refused repatriation? (Comment: There were many instances of individuals of known Soviet citizenship who were not released from prison camps. It would therefore be interesting to obtain an objective statement of this point.)
7. How did Heine originate his first contacts with the German Red Cross? (Comment: Heine stated in his deposition that he had asked Schidlovsky to tell somebody about his imprisonment.)
8. Give full details on the actual procedure of release including the visit to the German Embassy in Moscow for purposes of documentation, etc.
9. Is Subject in correspondence with Heine at the present time?
10. Has Subject learned in any way about Heine's law suit?
11. Special attention should be given to the case of Karl Brett in view of Heine's statement that Brett served with him in prison camp in 1950 or 1951 immediately after his final arrest by the Soviets.
